

Pennsylvania College of Technology

PENNSTATE

Admissions

It is the intention of Pennsylvania College of Technology to offer educational opportunities to anyone who has the interest, desire, and ability to pursue advanced study. Therefore, courses of study are offered at the certificate, associate, and bachelor degree levels.

Due to the wide variety of majors, admissions criteria vary according to majors. At a minimum, applicants must have a high school diploma, or its equivalent.

Some majors are restricted to persons who meet certain academic skills and prerequisites, who have attained levels of academic achievement, and who have earned an acceptable score on the Scholastic Aptitude Test (SAT).

Questions regarding the admissions standards for specific majors should be directed to the Admissions Office.

Tuition & Fees

Average rates, approved for 2011-12 are provided to help you estimate the cost to attend Penn College for one year.

These are estimates only.

PA Resident

Paying for College

Four out of five Penn College students receive financial aid to help meet their expenses.

Money is available to help most students meet the cost of college. Students and parents at every level of household income should find out what grants, scholarships, and educational loans are available.

Financial aid eligibility may be determined by merit and/or need. Never assume that you will not qualify.

Complete the enclosed Financial Aid Authorization and the online Free Application for Federal Student Aid (FAFSA) to be considered for financial aid (including grants, loans, and scholarships).

We recommend that you complete your FAFSA as early as possible (by April 1) to maximize your opportunities for financial aid.

Information is FREE!

Do not be fooled by advertisements suggesting that you need to pay for help to find college grants, loans, and scholarships.

Free assistance is available from Penn College financial aid representatives, who can provide information on sources of aid provided by the federal government, the Pennsylvania Higher Education Assistance Agency (PHEAA), and Penn College.

College Catalog is available online at www.pct.edu/catalog.

International applicants must apply online.

To schedule credit classes without enrolling in a specific degree or certificate major, contact the Admissions Office or complete a **Nondegree Application** online.

If you apply for **re-admission** within two years, you are not required to again pay the application fee. Print the application form at www.pct.edu/apply to submit without the fee.

* The College will waive the application fee for individuals who tour the College on a scheduled tour day or tour as part of a personal appointment with admissions. The individual must submit an Application for Admission on this day. This does not include individuals who tour the campus as part of a high school field trip.

How to Apply for Admission

1. Complete this application form or apply online at www.pct.edu/apply

Applications for fall semester must be postmarked no later than July 1 of the application year for all full-time, first-year, degree-seeking applicants who are beginning college study during that fall semester. The College reserves the right to extend this deadline to no later than the first day of fall classes, upon appeal to the chief admissions administrator, in cases where personal hardship, military service, or home relocation reasonably prevents application before the deadline. There is no deadline to apply in the spring semester.

2. Submit a nonrefundable \$50

application fee with your Application for Admission as a check or money order payable to Penn College OR using your MasterCard, Visa, or Discover card. The College may waive an application fee when it can be determined that the fee is a financial hardship. To be considered for a waiver, you must submit to the Admissions Office documentation, in the form of a letter (*on official stationery from someone outside your household, such as a counselor, caseworker, clergy, etc.*) stating that the fee is a hardship.

Due to the wide variety of majors offered, admissions criteria vary. At a minimum, applicants must have a high school diploma or its equivalent. See steps 3-5 below.

3. Submit proof of eligibility for admission, according to your particular situation.

HIGH SCHOOL STUDENTS

Ask your guidance counselor to submit your current high school transcript with your application. After you graduate, ask your high school to submit your official, final transcript with proof of credits and graduation from an accredited secondary school.

HIGH SCHOOL GRADUATES

You must show proof of graduation from an accredited secondary school. Ask your former high school to submit your official, final transcript with proof of credits and graduation from an accredited secondary school.

HOME-SCHOOLED STUDENTS

You must provide proof of graduation from an organization governed by a State Board of Education, such as Pennsylvania Homeschoolers Accreditation Agency (PHAA), or submit an official General Equivalency Diploma (GED) transcript to be considered for admission.

OVER 18 WITHOUT A HIGH SCHOOL DIPLOMA

You must submit an official GED transcript to be considered for admission into a degree program. You may be considered for admission as a nondegree student if you have not earned a GED, but have been deemed to have the appropriate aptitude and ability to enter college.

Nondegree students may register for no more than six (6) credits per semester and are not eligible for financial aid.

EARLY ADMISSION

If you have completed the 11th grade, you may be considered for early admission as a full-time or part-time student. See the online College catalog for details.

TRANSFER STUDENTS

Ask all previously attended college(s) to send your official transcript(s) to the Admissions Office at Penn College. An official transcript must come directly from the previous college(s) to Penn College – not from you. Provide course descriptions or college catalog(s) to the Advisement Center at Penn College for use in evaluating your courses for transfer. The Admissions Office also may require you to request a copy of your high school transcript.

4. Submit proof of your eligibility for admission to your selected degree:

BACHELOR'S DEGREE

If you are a high school student, or if you have completed high school within the last two years, you must request that your SAT test scores be submitted to the Admissions Office directly from College Board to be considered for admission into a bachelor-degree major. If you completed standardized tests more than two years ago or have no scores to submit, contact the Admissions Office for more information. Ask your former high school to submit your official, final transcript with proof of credits and graduation if you have not earned a college degree.

The College reviews all SAT scores to determine acceptance in one's intended major. Upon meeting minimum scores in writing, reading, and math, acceptance to the College can be confirmed upon the receipt of the tuition deposit.

Penn College's CEEB code for standardized tests is 002989.

ASSOCIATE'S DEGREE OR CERTIFICATE

You are not required to submit SAT test scores to be considered for admission into an associate-degree or certificate major. If your scores are available, you are encouraged to request that they be sent to the Admissions Office directly from College Board to assist in your proper placement and scheduling.

5. Submit proof of your eligibility, as required for majors with special admission requirements.

All bachelor-degree majors and some associate-degree majors are restricted to students who meet certain academic skills and prerequisites and have attained levels of academic achievement, including acceptable SAT scores. Review the specific requirements for your degree in the online College Catalog.

Your Application for Admission, nonrefundable \$50 application fee, and high school or GED transcript must be on file in the Admissions Office before you will be considered for admission.

After You Apply for Admission

You will be notified of the status of your application within 10 business days. You may track the status of your application online at www.pct.edu/sis.

If there are no concerns regarding your application, you will be asked to complete the following steps:

1. Pay \$100 tuition deposit. You may submit a check or money order payable to Penn College or pay online with MasterCard, Visa, or Discover. The deposit will be credited

toward your first semester tuition bill.

If you decide not to enroll and notify the Admissions Office IN WRITING by June 1 for the fall semester or by November 1 for the spring semester, you may transfer your deposit to a future semester or request a \$50 refund.

After the College receives your tuition deposit, you will receive notification of your placement testing date. You will be notified if you are exempted from placement testing.

2. Take Penn College placement tests

on the assigned date. Your test results will help to determine whether or not you are prepared for success in your first-semester courses. Tests will be given on math, writing, and reading.

A Parent/Guest Information Session is offered during placement testing. This session will provide information and opportunities for questions regarding a variety of topics of concern to prospective students and their families.

You will **not** receive your test results on the day that you test. You will receive your results at your Pre-Enrollment Advising Session.

You are not officially accepted into any Penn College major prior to placement testing or notification of your exemption from testing.

If your test results indicate that you are not prepared for the rigors of your selected major, you may be denied acceptance.

3. Return to campus for your Pre-Enrollment Advising Session. At this time, you will meet with faculty and staff to review your test results, receive scheduling information, and plan for the start of classes.

4. Pay your tuition and fees. A bill for tuition and fees will be available online in early July – with payment due early August – for the fall semester and in mid-November – with payment due mid-December – for the spring semester. Take care of all financial aid (grants, loans, and scholarships) well in advance of your payment deadline. If you do not pay all tuition and fees by the deadline shown on your bill, you must report to Late Registration to reschedule classes, based upon availability at that time. Your class schedule will not be reserved past the payment deadline and you will be charged a late fee.

5. Take part in Connections, a required, two-day orientation program to help new students, including transfer and adult students, and their parents/families get ready for college.

6. Attend classes and make the most of your time as a student. Take full advantage of all that Penn College has to offer in classes, programs, and services.

7. Earn your *degree that works*.
