| 2:30 | - | 2:45 | Evaluations, Act 48, Departure |

How the tours will work:

Each participant can see three different locations or cluster areas during the day. If you select the Earth Science Campus/School of Natural Resource Management Tour, this will be the only morning tour that you will take due to travel time to the Earth Science Campus. The campus is large so it is impossible to see the whole facility in one day. Please register for the event and select your tours at <http://www.pct.edu/k12>. Direct any questions to Outreach for K-12 at (570) 320-8003 or CareerEd@pct.edu.

A map to the campus and parking information can be found at <http://www.pct.edu/campmap>.
