Literature Resource Center

[Literature Resource Center](#) provides access to biographies, bibliographies, and critical analyses of authors from every age and literary discipline. Combining Gale Group's core literary databases in a single online service, the Literature Resource Center covers more than 120,000 novelists, poets, essayists, journalists, and other writers, with in-depth coverage of 2,500 of the most-studied authors. A good full-text resource.

[JSTOR](#) is another good full-text resource for literary criticism. Be sure to select 'Language & Literature' from the list of disciplines.
