"The Population Reference Bureau informs people around the world about population, health, and the environment, and empowers them to use that information to advance the well-being of current and future generations." Their work focuses around four "core themes": Reproductive Health and Fertility; Children and Families; Population and the Environment; and Population Futures—Aging, Inequality and Poverty, Migration and Urbanization, and Gender.

[Snyder, Union, Mifflin, Child Development, Inc.](#)

"Snyder Union Mifflin Child Development (SUMCD) is a private non-profit agency providing high-quality, early childhood services to children and parents in multiple counties. SUMCD believes in the very important role parents play in the development and growth of children, and therefore, serves families, not just children. SUMCD reaches out to enhance a family's quality of life and helps them reach their greatest potential by recognizing their unique needs, building on strengths and resources, respecting and tolerating differences, and protecting confidentiality. SUMCD provides five basic programs (Head Start, Early Head Start, Community Child Care, Project PEEK, and Child Care Information Services--CCIS)."

[Stateline.org](#)

"Funded entirely by The Pew Charitable Trusts...This Web site, staffed entirely by professional journalists, was originally envisioned primarily as a resource for newsmen and newswomen who cover state government. Using computer technology as a delivery vehicle, we proposed to arm these news-gatherers with timely tips and research material on state policy innovations and trends, enabling them to make their reporting more informative and useful to consumers. This, we believed, would help nourish public debate of important state-level issues such as healthcare, tax and budget policy, the environment, welfare reform and other issues that in recent years have not gotten the media attention they deserve." News stories can be searched or browsed, and can also be viewed by state.

[U.S. Census Bureau](#)

Access data tools, such as the [American FactFinder](#), [State & County QuickFacts](#), [CenStats](#), and [Population Finder](#) for information on people, households, geography, and much more.

[United States Department of Health & Human Services](#)

Research Tips

Help! I need to find a book on my topic!

When looking for books, you may need to broaden or narrow your search terms. For example, instead of searching "teen pregnancy" try "adolescence" or "birth control".

Click on the  button next to the record of each book you find and then on the  tab to view subject headings for that book. Clicking on any of these links may lead you to other items in our collection.

Help! I can't find any books on my topic!

Use [WorldCat](#) to find books and other materials held by libraries around the world. If you find one the Madigan Library does not own, simply click the "Borrow from another library" link to request a copy from one of the libraries that owns it.

Help! I need journal articles on my topic!

Using one of the following databases, search for your subject the same way you did for books in the Library's catalog. Remember to use the "advanced search" feature, when possible.

[Contemporary Women's Issues](#)

Covers over 1,500 sources (periodical and non-periodical) published by more than 100 organizations around the world. Focuses on timely and relevant topics and meaningful issues for women, including health, human rights, the work place, legal status, and more.

[PsycINFO](#)

Psychology and related fields since 1806. Includes international material selected from periodicals written in over 25 languages, as well as current chapters and books.

[ProQuest Research Library](#)

Search for coverage of a broad range of subjects including arts, business, children, education, general interest, health, humanities, international, law, military, multicultural, psychology, sciences, social sciences, and women's interests.

Away from campus?

You can use these databases at home with a computer connected to the Internet and your network ID and password.

Help! Which database is the best one for the research I'm doing?

Try the library's [list of databases by subject](#). If this does not help, the library's [Ask A Madigan Librarian](#) offers assistance via e-mail and live chat. We can recommend databases that are appropriate for your topic and provide guidance for more effectively searching the Internet and the databases on our Web site.

Help! The library doesn't have what I need!

Locate the full-text of an article you found cited in a database by clicking on the LinkSource icon, or browse/search the journal title in [Journal Locator](#).

Still can't find it? Our [Document Delivery and Resource Sharing](#) service makes getting those far away resources easy for you. It takes about 2 weeks for a book to arrive from another library; articles arrive in just a few days and are posted electronically.

To request an item our library does not own, simply login to/register for Illiad using the link below:
