

Madigan Library

LEEDing the way in Green Building Research

This guide is available online at:

<http://www.pct.edu/library/research/subjectguides/pdf/LEED.pdf>

Online Databases

[ASTM International](#)

Access and download over 12,000 active standards

[BuildingGreen](#)

Case studies, practical advice and product information on the green building movement

[MADCAD](#)

Access ASHRAE standards on energy and sustainability, the International Building and Residential codes (IBC & IRC) and the CSI Masterformat.

[GreenFILE](#)

Research database focusing on the relationship between human beings and the environment, information on topics ranging from global warming to recycling to alternate fuel sources and beyond.

PDF's and E-books

[LEED reference guide](#) for green building design and construction for the design, construction and major renovations of commercial and institutional buildings.

[Be a successful green builder](#) – how to select green building products, understand zoning requirements associated with green building and more.

DVDs

[Design for sustainability](#)

Films for Humanities, 2009, 26 min.
TS170.5 .D47 2009

[Green architecture](#): environmentally friendly housing

Shopware, 2008, 31 min.
NA2542.36 .G74 2008

E² Design

Films for Humanities, 2007, 28 min.
NA2542.35 .E69 2007

Green building and design

PBS, 2007, 180 min.
TH880 .G72 2007

Print Resources in the Library

Green building fundamentals : practical guide understanding and applying fundamental sustainable construction practices and the LEED system. Michael Montoya, 2011.

TH880 .M66 2011

Circulating Collection – 2nd Floor

LEED materials : a resource guide to green building. Ari Meisel. 2010.

TH12.5 .M45 2010

Circulating Collection – 2nd Floor

Recycling construction & demolition waste: a LEED-based toolkit. Greg Winkler, 2010.

TD899 .C5885 W56 2010

Circulating Collection – 2nd Floor

LEED practices, certification, and to accreditation handbook. Sam Kubba, 2010.

TH880 .K84 2010

Reference Collection – 1st Floor

Guide to green building rating systems:

understanding LEED, Green Globes, Energy Star, the National Green Building Standard, and more. Linda Reeder, 2010.

TH880 .R43 2010

Circulating Collection – 2nd Floor

Specifying LEED requirements: the best of green from Masterspec. Christopher Bushnell, 2009.

TH6025 .S63 2009

Reference Collection – 1st Floor

For more information on LEED and sustainable construction resources, please contact Tracey Amey, Librarian subject specialist for the School Construction and Design Technologies.
