

Construction & Design Technologies

“I literally had companies knocking down the door offering me jobs and interviews.”

degrees that work.

Ryan Becker

Degree: Construction Management

Hometown: Johnstown

Ryan described searching for a job as one of his best experiences as a student. He signed on with a large construction company, working as a field engineer in the Mid-Atlantic region.

Construction & Design Technologies

BACHELOR'S DEGREES

Building Automation Technology (BBT)
Construction Management (BCM)
Heating, Ventilation & Air Conditioning Design Technology (BHD)
Residential Construction Technology and Management (BRM)
Building Science & Sustainable Design (BSD, BSC, BST)

ASSOCIATE'S DEGREES

Architectural Technology (AT)
Building Construction Technology (CB)
Building Construction Technology: Masonry Emphasis (MN)
Electrical Technology (EL)
Electromechanical Maintenance Technology (MT)
Heating, Ventilation & Air Conditioning Technology (HP)
Heating, Ventilation & Air Conditioning Technology (HV)
Renewable Energy Technologies (RE)
Transmission and Distribution Technology (TR)

CERTIFICATES

Electrical Occupations (EO)
Plumbing (PH)
Residential Builder (RB)

Accreditations, Endorsements, and Certifications

American Council for
Construction Education (ACCE)
Construction Management

Partnership for Air-Conditioning,
Heating Refrigeration
Accreditation (PAHRA)
*Heating, Ventilation & Air
Conditioning Technology**
*Heating, Ventilation & Air
Conditioning Design Technology**

*Both programs are endorsed by
the Air Conditioning Contractors
of America (ACCA)

Pennsylvania Builders
Association (PBA)
Building Construction Technology
*Building Construction Technology:
Masonry Emphasis*
Construction Carpentry

Student Organizations

Air Conditioning Contractors of
America (ACCA) – Penn College*
Student Chapter (ACCA-PCSC),
formed in 2003, was the very
first student chapter of the Air
Conditioning Contractors of
America

Architecture Club

American Society of Heating,
Refrigerating & Air Conditioning
Engineers (ASHRAE)

Construction Management
Association (CMA)

Penn College Construction
Association (PCCA) – Student
Chapter of the National
Association of Home Builders
(NAHB) and an affiliate of the
West Branch Susquehanna
Builders Association (WBSBA)
and the Pennsylvania Builders
Association (PBA)

Sigma Lambda Chi – Honor
society for construction students

“Technology and applications in the construction industry are ever-changing. Penn College continues to meet this challenge by providing the industry with qualified construction professionals.

I’m confident, as I look to the future, that our graduates will continue to distinguish themselves as the next generation of leaders in the construction industry.

Life may offer many job opportunities – Penn College can offer the skills needed to build a career!”

Marc Bridgens

Dean, School of Construction & Design Technologies

Penn College is a special mission affiliate of Penn State, committed to applied technology education. Bachelor's and associate's degrees in more than 100 fields are focused on applied technologies ranging from manufacturing, design, transportation, construction and natural resources to hospitality, health, business and communication. Business/industry connections, national corporate sponsors, small classes, industry-standard equipment and faculty with work experience contribute to strong graduate placement rates.

Business and industry connections play a vital role in students' success in the workplace and position Penn College as a leader in higher education and workforce development.

An affiliate of The Pennsylvania State University

Penn College operates on a nondiscriminatory basis.

Penn College® and degrees that work® are registered in the U.S. Patent and Trademark Office.
