

# Health Sciences

**“The hands-on experience offered by the college is the most unique aspect of our education.”**

***degrees that work.***

**Jasmine Elmore**

Degree: Emergency Medical Services

Hometown: Dover

Jasmine believes that hands-on experience in well-equipped labs helps students gain confidence in their skills before going out into the real world, to help real people, in the health care industry.

There has never been a better time to enter a healthcare profession; jobs are plentiful and salaries continue to rise. Our excellent curriculum, skilled faculty, state-of-the-art facilities, and rich clinical learning environments become tremendous assets as you matriculate through your chosen program, prepare and take your licensure/registry examination, and seek employment.

**Sharon Waters**

*Dean, School of Health Sciences*

Penn College is a special mission affiliate of Penn State, committed to applied technology education. Bachelor's and associate's degrees in more than 100 fields are focused on applied technologies ranging from manufacturing, design, transportation, construction and natural resources to hospitality, health, business and communication. Business/industry connections, national corporate sponsors, small classes, industry-standard equipment and faculty with work experience contribute to strong graduate placement rates.

Business and industry connections play a vital role in students' success in the workplace and position Penn College as a leader in higher education and workforce development.

An affiliate of The Pennsylvania State University

*Penn College operates on a nondiscriminatory basis.*

Penn College® and degrees that work® are registered in the U.S. Patent and Trademark Office.
