Notes:

Program codes in lower case are majors that have been phased out or revised.

(a) Positive Placement includes all graduates employed in field of study or preferred field (full-time and part-time), continuing education (full-time and part-time), or serving in the military.

(b) Overall Placement includes all graduates with positive placement AND all graduates employed in an unrelated field.

(c) Salaries displayed are self-reported annual full-time salaries for those employed full-time in field of study or preferred field.

(d) To protect the confidentiality of the graduate, any specific data collected for programs with fewer than three graduates is not disclosed at the program level; this data is however compiled and reported in aggregate form, where it applies throughout the entire report.

* Graduates who selected, "Unemployed and choosing not to seek employment" or who didn't provide a status are not calculated into placement rates.
