LEAP ADVISOR

Gear up for a successful first year with the support of your LEAP advisor.

YOUR LEAP ADVISOR:

Collaborates with you and your academic advisor to foster success and inspire positive academic and personal growth.

Promotes your successful transition to college by responding to questions and concerns prior to your arrival to campus.

Supports you as you build resilience during your first year.

Works with you to create an individualized first-year success plan through on-going meetings, engagement, and outreach.

Connects with you directly to discuss ways to develop the necessary academic, personal, and emotional skills to be successful in college.

Helps you develop a sense of belonging as you navigate your college experience during the first year.

Encourages you to foster a growth mindset.

Directs you to academic and personal support services, including when to connect with your academic advisor.

Keep that momentum going with your academic advisor.

YOUR ACADEMIC ADVISOR:

Collaborates with you and your LEAP advisor to foster positive academic and personal growth.

Works with you from the beginning of your first semester until you complete a degree or certificate.

Explains your academic program requirements and course sequence as you work together to create your semester schedules.

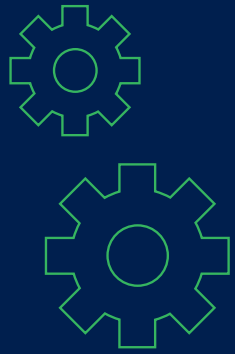

Assists you with the development and implementation of an academic plan that considers your personal, academic, and career interests.

Supports you in the development of short-term and long-term educational goals.

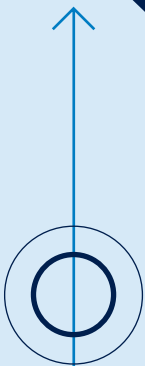

Helps you consider the outcomes of your academic choices.

Serves as your academic mentor and role model within a discipline for your whole college career.

Refers you to appropriate resources, including when it's important to connect with your LEAP advisor.
