Notes:

- (a) Positive Placement includes all graduates employed in field of study or preferred field (full-time and part-time), continuing education (full-time and part-time), or serving in the military.
- (b) Overall Placement includes all graduates with positive placement AND all graduates employed in an unrelated field.
- (c) Salaries displayed are self-reported annual full-time salaries for those employed full-time in field of study or preferred field and may not be starting salaries.
- (d) Salary and placement data for programs with fewer than three graduates is not disclosed at the program level (to protect the confidentiality of the graduate). It is reported in aggregated form where it applies.

Program codes in lower case are majors that have been phased out or revised.

^{*} Graduates who selected, "Unemployed and choosing not to seek employment" or who didn't provide a status (unknown) are not calculated into placement rates.
