

## GUIDELINES FOR STUDENTS RESIDING ON CAMPUS

We are happy to have you back on campus, and we hope the following guidelines will help as you enter the Fall 2020 semester. We want to ensure that you remain healthy and safe while on campus. Therefore, the following guidelines are to be followed at all times.

Anyone found not following these guidelines, and/or violating College policy, may be subject to disciplinary action and required to leave campus immediately.

- ◇ **ALL** College policies remain in effect.
- ◇ Face masks are to be worn by all residents in all classrooms, public shared spaces on campus, or in areas where physical distancing (staying more than 6 feet apart) cannot be observed. As such, masks are to be worn when outside of one's respective room/apartment/suite/pod.
- ◇ To ensure safety and security, all residential areas will remain locked at all times. You can access these areas with your Student ID Card and keys.
- ◇ Guests are **PROHIBITED**. Likewise, overnight visitation is **PROHIBITED**. With the exception of roommates, no other individuals are to be inside rooms/apartments/suites/pods.
- ◇ All travel outside the immediate area is discouraged. If any travel restrictions are imposed by state orders, you will be required to comply.
- ◇ While on campus, residents are expected to limit their movements and interactions with fellow residents, faculty, and staff. With few exceptions, please keep to your respective room/apartment/suite/pod unless visiting dining units, attending class/lab, working, utilizing campus resources (Library, Tutoring/Writing Center), etc. Outdoor activities are acceptable and encouraged, ensuring appropriate social distancing is observed and practiced.
- ◇ If you need assistance, please seek out your respective Resident Assistant and/or contact Residence Life at 570.320.8023 or [reslife@pct.edu](mailto:reslife@pct.edu). The office, located in Dauphin Hall, is open 8 a.m.-4:30 p.m., Monday-Friday.

If you are in need of assistance outside of these hours and/or on weekends, please call the duty phone for your respective area (noted below) and/or College Police 570.321.5555.

CLINTON/DELAWARE/JUNIATA: 570.772.4811

LANCASTER/YORK: 570.220.9097

DAUPHIN HALL: 570.560.2356

CAMPUS VIEW: 570.494.6033

THE VILLAGE: 570.772.5163

In the event of an emergency, dial **911**.

### CLEANING

Students are expected to maintain the sanitation of their living spaces – including their residence hall rooms, apartments, suites, and pods.

The College's Department of General Services has expanded its cleaning protocols and will conduct daily deep disinfections of all common spaces including hallways, lounges, study spaces, and common bathrooms. Cleaning supplies will be provided by General Services and will be available throughout campus for common areas.

In the event of a positive case, cleaning protocols have been developed, and space has been designated for isolation purposes.

### DINING SERVICES

Dining plans for the Fall 2020 semester begin with dinner on Friday, August 14, 2020.

Throughout campus, Dining Services locations will have altered services to encourage social distancing and limited touching. These services include increased use of single-service items, point-of-sale barriers, limited seating to comply with social distancing requirements, and adjusted check-out procedures.

### COLLEGE HEALTH SERVICES

College Health Services is available **by appointment only** Monday-Friday, 8 a.m.-4:30 p.m. All appointments should be made by calling 570.320.5234 or emailing [collegehealth@pct.edu](mailto:collegehealth@pct.edu). The temporary discontinuation of walk-in appointments is part of the ongoing effort to maximize social distancing, reduce wait times, and ensure that well and ill patients do not occupy the same physical space.

**If you begin to feel ill, contact College Health Services.** Any non-emergency health question or concern can be asked by calling College Health Services at 570.320.5234. If you experience a medical emergency, dial **911**.

If you are concerned about whether you have been exposed to COVID-19 at home or from others with whom you have had contact, you can remain informed by following the updates from the Centers for Disease Control and Prevention ([www.cdc.gov/coronavirus](http://www.cdc.gov/coronavirus)) and the Pennsylvania Department of Health ([health.pa.gov](http://health.pa.gov)) coronavirus websites and continue taking reasonable precautions, including social distancing and the use of face masks.
