

Experience Tracking Sheet

Applicants to the Pennsylvania College of Technology Physician Assistant Program can utilize this sheet to manually track the medical “Experience” hours needed to complete the CASPA application. Experience hours are a required component of the program’s selective admission criteria and must have been completed within the FIVE (5) calendar years preceding the year of selection. Applicants will create their CASPA application during the application cycle for which they plan to undergo selection, typically during Year 3 of the program’s “3+2” curriculum.

High school students applying for a conditional seat in the program can also use this sheet to track their hours until it is time to enter them into the Applicant Dashboard.
