The roommate information comes from the preferences you completed when you filled out your housing contract. You may go back in to the SIS and change your preference until April 11 by going to the same area you went to complete the housing contract.

You may change your selected apartment by following the same procedures above as often as you like up until April 30. However, apartment availability and options will change over time. After the first date for your group to select an apartment, you will be part of all subsequent groups. For example if you were in group #4 on your first day to select an apartment the group #4 link will appear for you. On the following day a group #5 link will appear. This is the link you would go in to change your apartment selection.
