

HOME ENERGY PROFESSIONAL: CREW LEADER

Gain the skills and knowledge required to excel as an **HEP Crew Leader**. Crew leaders oversee home energy retrofit and upgrade projects from start to finish, with direct oversight for crew members, materials, diagnostic testing procedures, managing installation quality, and worksite safety. Participants will earn their EPA Certified Lead Renovator initial certification as part of the HEP Crew Leader course.

WHAT YOU'LL LEARN

- ◇ Intermediate principles of building science principles and heating systems
- ◇ Methods for leading, training, and mentoring a crew
- ◇ Best practices for maintaining quality workmanship
- ◇ Advanced diagnostic tools including combustion and blower door testing
- ◇ Techniques for effective customer communication and relations
- ◇ Worksite safety standards and regulations

EARN THE CREDENTIAL

The Clean Energy Center's HEP Crew Leader course is designed to prepare learners to take the BPI Home Energy Professional Crew Leader certification exam (priced separately). Participants will also earn their EPA Certified Lead Renovator initial certification as part of the HEP Crew Leader course. The Center is an approved Building Performance Institute (BPI) Test Center. The BPI Quality Control Inspector certification exam is proctored at either one of our locations in Williamsport or Latrobe, Pennsylvania.

ELIGIBILITY AND PREREQUISITES

Crew Leaders must complete the HEP Retrofit Installer training course before starting the HEP Crew Leader course.
